

**Version-0**

**Date: -16/01/2021**

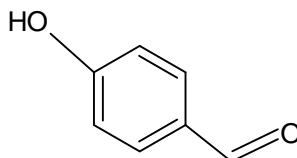

## **SPECIFICATION**

**CAS NO:** - 123-08-0

**Chemical Name:** 4-Hydroxybenzaldehyde

p- Hydroxybenzaldehyde

.....  
**Structure: -**

Molecular Formula

$C_7H_6NO_2$

Molecular Weight

138.12 g/mol

.....  
Appearance

White to Creamish white powder

Assay by HPLC

Not less than 98.0%

Water Content by KF

Not more than 1.0 %

Melting Point

116 °C - 118 °C

.....  
**Storage**

Store in Cool and dry place in tightly closed container.

.....  
**Application**

It's the important intermediates of Bisoprolol fumarate and in pharmaceutical industry.
