

Version-0

Date: -16/01/2021

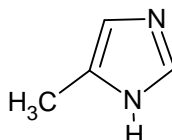

SPECIFICATION

CAS NO: - 822-36-6

Chemical Name: 4-Methylimidazole

4-Methylglyoxaline

.....
Structure: -

Molecular Formula

C₄H₆N₂

Molecular Weight

82.10 g/mol

.....
Appearance

Clear pale-yellow liquid.

Assay by Titration

Not less than 75.0%

Solubility

Soluble in water.

.....
Storage

Store in cool and dry place in tightly closed
Container.

.....
Application

It is used in synthesis of 4-Aminoimidazole-5-carboxyimide; Detomidine and Pentostatin.
